DR. JUN YONG WOOK
Rector, Tashkent International University

WELCOME MESSAGE

Dear Students, Faculty, and Staff, it is with immense joy and pride that I extend a heartfelt welcome to each of you to the newly opened Tashkent International University! As the inaugural Rector of this prestigious institution, I am filled with optimism and excitement for the remarkable journey that lies ahead. The establishment of Tashkent International University marks a momentous milestone in the field of higher education, and I am honored to be part of this groundbreaking endeavor.

To our pioneering students, you are the trailblazers who will shape the very fabric of this university's identity. Your decision to join us on this transformative educational path reflects your determination to embrace new challenges and chart a course for a future filled with limitless possibilities. I have no doubt that your passion for learning, your thirst for knowledge, and your dedication to personal growth will be the cornerstones of our collective success.

To our esteemed faculty, I extend my deepest gratitude for joining us on this extraordinary journey. Your expertise, dedication, and unwavering commitment to academic excellence are the bedrock upon which Tashkent International University stands. Together, we will foster an environment that encourages intellectual curiosity, critical thinking, and creative expression, empowering our students to become leaders and change agents in a rapidly changing world.

To the dedicated staff members, your behind-the-scenes efforts are invaluable as we shape this university into a vibrant community of learning. Your professionalism, efficiency, and kindness will ensure that our campus remains a welcoming and nurturing space for everyone. As we embark on this adventure together, I urge you all to embrace the spirit of collaboration, inclusivity, and innovation. Let us collectively build an institution that not only excels in academic pursuits but also values diversity, fosters empathy, and nurtures the holistic development of every individual.

The journey ahead may present challenges, but with determination, resilience, and the support of one another, we will overcome them and emerge stronger. Let us celebrate our successes, learn from our experiences, and use every opportunity to grow and evolve as a community.

Together, we will create a legacy that will inspire generations to come and leave an indelible mark on the landscape of higher education. Once again, I welcome you all to Tashkent International University with open arms and a profound sense of anticipation.

Welcome to Tashkent International University!
Dr. Jun Yong Wook
Rector, Tashkent International University

TASHKENT INTERNATIONAL UNIVERSITY VISION AND MISSION

VISION

Our vision is to be recognized as a premier institution of higher learning, known for producing skilled and knowledgeable specialists who makes a positive impact on society and the world at large. We will accomplish this through a commitment to academic excellence, a culture of innovation, and a dedication to the success and well-being of our students, faculty, and staff.

MISSION

Our university is committed to providing high-quality education and training to students from diverse backgrounds, equipping them with the knowledge and skills to become leaders in their chosen fields. We strive to create a supportive learning environment that fosters creativity, critical thinking, and lifelong learning.

OUR PROGRAMS

The curriculum has been meticulously crafted, drawing inspiration from leading international practices, to ensure that it seamlessly aligns with the evolving requirements of the current global market.

BACHELOR DEGREE

At Tashkent International University (TIU), we empower our students to pursue a unique academic path that allows them to graduate with a double major in their respective fields of study. We firmly believe that this distinctive opportunity not only amplifies their competitive edge but also significantly broadens their horizons and potential opportunities. This double major option equips our graduates with a more comprehensive skill set and knowledge base, positioning them as versatile and highly sought-after professionals in their chosen domains.

MASTER'S DEGREE

Tashkent International University (TIU) offers a Master's program that spans 1.5 years, comprising three intensive semesters. With a total of 120 credits, this program provides an in-depth and comprehensive education that equips students with the advanced knowledge and skills needed to excel in their chosen fields. Throughout the three semesters, students engage in rigorous coursework, research, and practical experiences, allowing them to delve into specialized areas of study. TIU's Master's program is designed to foster critical thinking, innovation, and professional development, ensuring that graduates are well-prepared to meet the challenges of their respective industries and make a meaningful impact.

PHD AND DSc PROGRAMS

University offers PhD and Doctor of Science (DSc) programs designed to cultivate advanced research skills and academic expertise. These programs provide rigorous, research-driven education across various disciplines, preparing scholars for careers in academia, industry, and leadership roles.

The PhD program focuses on original research and the development of innovative solutions to complex problems.

PhD programs

- 08.00.02-Macroeconomics
- 08.00.07-Finance, money circulation and credit
- 08.00.13-Management
- 08.00.16-Digital economy and international digital integration

DSc degree is awarded for significant contributions to science or applied research at an advanced level. Program emphasize critical thinking, independent research, and academic excellence, aligning with TIU's mission to foster innovation and leadership in education.

DSc programs

- 08.00.02-Macroeconomics
- 08.00.07-Finance, money circulation and credit
- 08.00.13-Management
- 08.00.16-Digital economy and international digital integration
- 08.00.13-Management
- 08.00.16-Digital economy and international digital integration

JURISPRUDENCE

Faculty of Jurisprudence of Tashkent International University offers programs in such specialties as International Law and Business Law. Students of this course study the features of the state and law and become specialists with theoretical knowledge and practical skills in the legal field.

ECONOMICS

The Bachelor of Economics is a study program that provides a thorough understanding of theoretical and applied economics. During the in-depth study of economics, the students use subjects such as mathematics, statistics, econometrics, business and politics. Economics opens doors to diverse career paths, including roles in various business entities, financial institutions, credit and insurance organizations, as well as engagements with state and local authorities, research organizations, and educational institutions.

EDUCATION

Faculty of Education prepares students to become teachers and trainers in various fields such as preschool education, primary education and psychology. Graduates of this major may become teachers who can inspire and stimulate their students.

IT (Information Technologies)

The Information Systems and Technologies program is a comprehensive course designed to provide students with a deep understanding of computer and communication networks. Covering essential areas such as software creation, algorithm development, mathematical support, and hardware and software system design, the program emphasizes practical applications. Graduates are equipped with valuable skills in cybersecurity, data analysis, and system administration, making them well-prepared for diverse roles in the IT industry.

THE FOREIGN LANGUAGE AND LITERATURE

The Foreign Language and Literature (English and Korean) undergraduate program is designed to cultivate foreign language teaching skills and qualifications among students in vocational colleges, academic lyceums, and general education schools. The curriculum is structured to provide a comprehensive and specialized education, enabling students to develop proficiency in English, Korean language instruction.

ECONOMY (BY INDUSTRIES & SECTORS)

The Master's degree program in economics is designed to offer students a comprehensive grasp of both theoretical and practical aspects of economics. Through in-depth study, students explore subjects such as statistics, econometrics, business, and management, acquiring a profound understanding of economic principles and their real-world applications. Graduates holding a Master's in Economics are positioned for diverse career paths, finding opportunities in local, state, or national government agencies, as well as in banks, investment firms, and various financial institutions.

PUBLIC FINANCE & INTERNATIONAL FINANCE

Public Finance and International Finance offers a comprehensive grasp of both theoretical and practical aspects of finance. In this in-depth study, students draw upon ideas and methods from diverse disciplines, including mathematics, statistics, econometrics, business, accounting, auditing, financial markets, and international public finance. This program provides a holistic understanding, equipping students with the knowledge and skills needed to navigate complex financial landscapes, both domestically and internationally. After completing a specialization in Public Finance and International Finance, students can pursue rewarding careers in various sectors. Graduates often find opportunities in government agencies, contributing to public financial management and economic policy.

GLOBAL OPPORTUNITIES THROUGH INTERNATIONAL PARTNERSHIPS

At **Tashkent International University**, we believe in preparing students for a globalized world. Our extensive network of international partnerships offers a wide range of opportunities to broaden your horizons through student exchange programs, study abroad experiences, and dual degree options.

TIU exchange programs are a remarkable opportunity that benefits students, educational institutions, and society as a whole. These programs allow students to study, research, or work in a different country or at another institution, typically for a semester or academic year, fostering personal growth, academic enrichment, cultural understanding, and the development of highly valued skills in today's globalized world. This program provides a chance for students to immerse themselves in a new culture, learn a new language, make new friends, and gain valuable academic and personal experience.

Whether you're seeking international experience, language skills improvement, or simply a new adventure, student exchange programs are an exceptional option to consider.

In **Dual Degree program**, bachelor degree students may obtain two degrees upon graduation, one from Tashkent International University and one from one of our partner universities. Students complete two years of study at TIU and two years at another university. Those who wish to pursue this line of study must follow a specific curriculum that matches the course and credit requirements of TIU and that of the partner institution.

Participating in a **dual degree program** offers many benefits for students. This unique educational pathway not only equips graduates with a diverse skill set that makes them highly adaptable in the job market, but also provides a competitive edge. Those with dual degrees stand out to employers, increase their job opportunities in a variety of fields, and often enjoy rapid learning, which allows them to earn two degrees in a short amount of time. Beyond academics, the program encourages personal growth, enhances problem-solving skills, and fosters a global perspective, which will prepare graduates well for success in today's fast-paced world.

STUDENTS' LIFE

DORMITORY

The Dormitory Services Office offers an affordable and comfortable housing solution for both graduate and undergraduate students. Our dormitory, D-Building, accommodates approximately 300 students. It provides an excellent atmosphere where students can simultaneously study, unwind, and socialize with their peers. Students from various regions, both within the country and abroad, choose this place for their academic pursuits, enjoying a vibrant college life filled with sports, clubs, hobbies, and diverse cultural experiences. The dedicated staff of the TIU dormitory is committed to assisting students in achieving their objectives while residing on campus.

LIBRARY

The University Library serves as the intellectual center of the campus, providing a wealth of knowledge and resources to students and faculty. It offers an extensive collection of books, research materials and digital resources, creating a quiet and comfortable space for learning and research. In addition to physical books, many university libraries offer online databases, research support, and convenient reading spaces, making it an important resource for academic success and intellectual growth.

STUDENT UNION

The Student Union is a significant student-led organization committed to advocating for the welfare and requirements of the university's student community. At TIU, much like other universities, we take immense pride in our Student Union. As a registered student at TIU, you are inherently regarded as an esteemed member of the Tashkent International University Student Union. Your participation and input are highly valued as we work together to enhance the university experience.

EXTRACURRICULAR ACTIVITIES

At Tashkent International University, we offer a wide array of extracurricular activities designed to enrich student life and foster personal growth. From student-led clubs in arts, technology, and community service to dynamic debate and negotiation teams, there are endless opportunities to explore your passions and develop leadership skills. Students can also participate in various contests, including case competitions, hackathons, and business challenges, where they can showcase their creativity and problem-solving abilities. With a vibrant community and frequent workshops, events, and seminars, our university encourages all students to get involved and make the most of their campus experience.

SYMBOL

The **olive tree** is a symbol of our university, stands as a powerful emblem reflecting the core values and aspirations that define our academic community.

As a timeless and resilient tree, **the olive** is a symbol of peace, wisdom, and knowledge. Its roots delve deep into the soil, anchoring the tree firmly in the ground, mirroring our commitment to providing a solid foundation for our students' education. The branches of the **olive** tree stretch outwards, symbolizing growth, exploration, and the expansive nature of learning.

The leaves, with their distinctive silver-green hue, embody the essence of wisdom and the pursuit of knowledge. In the past, the **olive** branch was extended as a token of peace, and similarly, our university fosters an environment that encourages collaboration, understanding, and the exchange of ideas.

Moreover, the **olive** tree is known for its ability to thrive in diverse climates, symbolizing adaptability and resilience. In a rapidly evolving world, our university aims to equip students with the skills and knowledge necessary to navigate and contribute meaningfully to society.

Just as **olives** are harvested and transformed into valuable resources, our university cultivates the potential within each student, nurturing them to become future leaders, thinkers, and contributors to the greater good. The **olive tree**, with its rich symbolism, serves as a constant reminder of our commitment to fostering a nurturing academic environment where students can flourish and leave a lasting impact on the world.
