Uzbek Language Classes

Course outline for international students at Tashkent International University

Every semester the university runs an eight-week practical Uzbek course for international students, covering both grammar and everyday conversation. It starts from the alphabet, so no previous knowledge of Uzbek is needed. Classes are taught by a TIU student majoring in foreign languages, and groups are kept small so that everyone speaks in every lesson.

The course at a glance

Length	8 weeks, one course every semester
Frequency	Two classes a week - Wednesday and Friday
Time	14:00 - 15:50 on both days
Content	Uzbek grammar and everyday conversation
